I have danced in the finest ballrooms  
I have loved, never losing sight  
I have sighed at the sight of Paris  
All I want is you, all I need is you

I would die from a soldiers bullet  
I would wait in the noon day sun  
I would cry from the highest mountains  
All I want is you, all I need is you

All I want is you  
All I want is you

I can run with the bulls in Spain  
I can have the finest jewels  
I could climb the Himalayas  
All I want is you, all I need is you

All I want is you  
All I want is you

I am the one who kneels down, don't you know  
I want the things only you could ever show  
You need a man who loves you more than his life  
Zero's the price for the ride into life

I never thought the sun would rise  
On a day as fine as this  
All my life, I would've dreamed it happened  
All I want is you, all I need is you

All I want is you, all I need is you  
All I want is you, all I need is you
