"Going On"

Here I sit alone
On the pointless throne
Hiding from the light
Shadows freeing none
I become undone
This life no longer fun
The poison bittersweet
It's all I need to taste
Believing it's the pain

You cannot go far
Carrying the weight of who you are
I have tried so long
To be a part of all that's going on

When the ceiling falls
Can't support the wall
You cry into the night
Laugh from all your fears
Crying you just might
Go black from lack of sight
Emptiness abounds
There's nowhere I can turn
I think I'm gonna drown

You cannot go far
Carrying the weight of who you are
I have tried so long
To be a part of all that's going on

Tragic as it seems
I've lost my only dream
Just as it had broke
My grip had gave its hold
All is gone I see
There's no one left but me
And I am not for long
You'll miss me when I'm gone
Sleep will last so long

You cannot go far

Carrying the weight of who you are
I have tried so long
To be a part of all that's going on

You cannot go far
Carrying the weight of who you are
I have tried so long
To be a part of all that's going on
Ohh....
