Never-never gonna lose control, never-never gonna
lose control
Never-never gonna lose control, oh no
Never-never gonna lose control, never-never gonna
lose control
Never-never gonna lose control, oh no

We're all sittin' ho-o-ome and I'm all alo-one
I don't wanna hear no phone, I need a hot sho-ot
We're in late at ni-ight and I ain't feelin' ri-i-ight
There ain't no man in sight, I need a hot sho-o-o-o-o-o-
o-ot
Oh yeah-eah-eah-eahâ€¦

The music is loud, it's gettin' real hot
The music is loud, I need a hot shot
The music is loud, it's gettin' real hot
The music is loud, I need a hot shot

Never-never gonna lose control, never-never gonna
lose control
Never-never gonna lose control, oh no
Never-never gonna lose control, never-never gonna
lose control
Never-never gonna lose control, oh no

We're all on the stree-eets, in the field of bea-ea-ea-
eats
There's something I must see-ee, I need a hot sho-ot
We're all in the crow-owd, and we're feelin' prou-ou-
oud
And the music loud-oud, I need a hot sho-o-o-o-o-o-o-ot
Yeah-eah-eah-eahâ€¦

The music is loud, it's gettin' real hot
The music is loud, I need a hot shot
The music is loud, it's gettin' real hot
The music is loud, I need a hot shot

We're in late at ni-ight and I ain't, I ain't feelin' ri-i-ight
There ain't no man, no man in sight, I need a hot sho-o-

o-o-o-o-o-ot

We're all in the crowd, and we're feelin' proud

And the music, music loud, I need, I need, I need a hot
sho-o-o-o-o-o-ot

Oh yeah-eah-eah...

Never-never gonna lose control, never-never gonna
lose control

Never-never gonna lose control, oh no

Never-never gonna lose control, never-never gonna
lose control

Never-never gonna lose control, oh no

Never-never gonna lose control, never-never gonna
lose control

Never-never gonna lose control, oh no

Never-never gonna lose control, never-never gonna
lose control

Never-never gonna lose control, oh no

Never-never gonna lose control, never-never gonna
lose control

Never-never gonna lose control, oh no

Never-never gonna lose control, never-never gonna
lose control

Never-never gonna lose control, oh no
