Ooh, yeah!  
Timer after time (2x)  
I need you here (4x)  
I'm going no where  
You've gotta make up your mind

Always and forever  
That's what i thought our love will be  
You and i together babe  
I guess i was livin' in a fantasy

You said you needed sometime  
To find out what you were feelin' inside  
So baby tell me just how long  
Must i keep holdin' on  
My love ain't gettin' strong

You've got to love me or leave me  
Stop playin' with my mind  
Stop wastin' my time

I know i wasn't what you wanted me to be  
You should've know the coffee before you took the  
cream  
You wasn't sure was my lovin' just too good  
If you were a real man than i know you would

See i guess you need sometime  
To find out what you were feelin' inside  
But baby tell me how long  
'cuz i know it's you that's lovin' me wrong

You've got to love me or leave me  
Stop playin' with my mind  
Stop wastin' my time
