"Catwalk Girls"

Girls, girls, girls
Girls, girls, girls
Girls, girls, girls
Girls, girls, girls
Baby, you're a mover, you really rock the floor
From Tokyo to Paris, they all cry out for more
Let me see you do it, 'cause baby I adore
When you catwalk

You got it and you know it, you do it everyday
Your looks are on the money, the way your body sways
Versace and Armani and Jean Paul Gaultier
On the catwalk

(Chorus):

Ah, girls, girls Let me see yo do it, let me see you twirl
Ah, let me see you do it on the catwalk

Come on, light me up...

Girls, girls, girls
Make love to the camera...

Baby you're a mover, you really rock the floor
A dozen paparazzi are waiting at your door
Let me see you do it, 'cause baby I adore those
Girls, girls, girls
