### "Cool Breeze"

I took a trip down to the shores of Tahiti  
I met a girl walking along the sand  
I never thought for a guy like me, love would come so  
easy

I said to her that "I want to be your man"  
But she turned her head away from me  
And told me this could never be  
And then she left without telling why

(Chorus):

Cool breeze, cool off my burning heart  
And blow away the misty reason that keeps us apart  
Cool breeze, blow all my thoughts away  
For she's on my mind by night and by day

I had to know, so I went to her father's plantation  
And there he stood, leaning against the door  
I said "Please, won't you give me some kind of  
explanation?"

But all he said was "She won't be here no more  
For she's on the ship that sailed away"  
But why she's gone, he wouldn't say  
I wonder if she'll ever return

(Repeat chorus)

Cool breeze, cool off my burning heart  
And blow away the misty reason that keeps us apart  
Cool breeze
