Girls, girls, girls - girls, girls, girls
Girls, girls, girls - girls, girls, girls

Well, yellow, red, black or white, add a little bit of
moonlight
For this intercontinental romance
Shy girl, sexy girl, they all like that fancy world
Champagne, a gentle song and a slow dance
Who makes it fun to spend your money
Who calls you honey, most every day

Girls, girls, girls - girls, girls, girls

Well, they made 'em up in Hollywood and put them into
the movies
Those lovely photographic splendors
In and out of magazines, Miss World and beauty
queens
Falling in love with the real big spenders
But although their world may be frantic
They're still romantic in their own way

So hop on, the world is swinging
Don't sit and twiddle your thumbs
Get up and meet those pretty girls, girls, girls
Step on, the world keeps swinging
Put on the dazzling charm
Get up and find those pretty girls
But don't rush, keep it nice and gentle
And sentimental for that certain moment

Moonlit oceans, girls full of emotions
Stepping on that slow boat to China
And next door, in Japan, they know how to please a
man
Dropping in for tea with my geisha
They've got that old-fashioned feeling
When it comes to pleasing, they know their way

So hop on, the world is swinging
Don't sit and twiddle your thumbs

Get up and meet those pretty girls, girls, girls
Step on, the world keeps swinging
Put on the dazzling charm
Get up and find those pretty girls
But don't rush, keep it nice and gentle
And sentimental for that certain moment
When you draw back the curtain

So hop on, the world is swinging
Don't sit and twiddle your thumbs
Get up and meet those pretty girls

Girls, girls, girls - girls, girls, girls
Girls, girls, girls, girls, girls
