Well it's spring in the air again  
And you know it affects young men  
For their fancy seems to turn  
And their passions start to burn  
That's a thing we all learn  
Our fancy turns to the one idea  
Young ladies think about for the whole of the year  
As the sun gets hotter the blue skies clear  
And whoops! Those pretty young things appear  
At times like this I'm acutely aware  
Of the fact that I'm just not getting my share  
I'm a really great guy and it doesn't seem fair to me

(Chorus):

I wish I had a way with women, what a way to be  
What a way to waste your waking hours, what a fantasy  
For I'm a Romeo, I'm a gigolo  
I'm a Casanova, can't you see  
That I wish I had a way with the women  
The way women have a way with me

Well I spent me the whole year long  
In search of wine, women and song  
But savior faire and je ne sais quoi  
Were the things I lacked and I never got far  
Till I got a guitar

Now the girls come running when I play my licks  
I'm a real lounge lizard, I'm a snake for the chicks  
I'm a paperback lover, I'm a laid back mother  
But I still can't seem to get my kicks  
For as soon as I put my guitar down  
I get all tongue-tied, can't make a sound  
And the words won't come and it doesn't seem fair to me

(Repeat chorus)

At times like this I'm acutely aware  
Of the fact that I'm just not getting my share  
I'm a really great guy and it doesn't seem fair to me  
(Repeat chorus)

I wish I had a way with the women  
The way women have a way with me

The way women have a way with me!
