En mi sue?o (In My Dream - Heart Moving)

En mi sue?o, nos encontr?bamos t? y yo,  
las estrellas mil, proteg?an mi amor.

Los mejores amigos siempre somos t? y yo,  
Nunca nada nos separar? ni preocupar?.  
Hay momentos llenos de magia,  
Magia en el coraz?n de los dos,  
S?lo t? me interesas,  
?No puedo ver a nadie m?s!

Algo cambia, cuando el amor llega hasta aqu?,  
y mi sue?o, al fin, se hace realidad.  
De la mano, caminaremos t? y yo  
Las estrellas mil, proteg?an mi amor.

In my dreams, you and me met,  
Thousand of stars protected my love.

You and me are always best friends,  
Nothing will separate or worry us ever.  
There are moments full of magic,  
Magic in the heart of us both,  
I'm just concerned about you,  
I can't see anyone more!

Something changes, when loves reaches here,  
And my dream, at last, becomes true.  
By hand, we both will walk,  
Thousand of stars protected my love.
