"Latin Eyes"

Don't touch me, don't tempt me
I'm burning up with love inside
Your perfume, your body
You're standing much too close tonight
Can't you see what you do
And all the pain you put me through?

(Chorus):

I'm a simple man, don't you understand?
I want you for the rest of my life
It's too late for lies, let's go to paradise
I'm hungry for your lovin'
Crazy 'bout your Latin eyes

Like thunder and lightning
I'm waiting for the night to fall
Attraction, reaction
Our love could be a fireball
In the blink of an eye
I don't want to say goodbye
(Repeat chorus)

In the blink of an eye
I don't want to say goodbye
(Repeat chorus 2x) Crazy 'bout your Latin eyes...
(Repeat and fade)
