Let's go to town, oh yeah  
Down to the red light quarter  
That part of town  
Where there is no such thing as law and order  
That's where the girls are waiting for us, oh yeah  
With all the boozin' and them dice to toss  
Downtown, downtown  
No more scrubbin' dirty decks, no more sanitary  
checks  
Never mind the captain, this is our world  
Got my money, got my leave, got our naval sex appeal  
Let's get down to girls!

Let's go to town  
And take up that old routine  
Let's go to town  
To act out the sailor's dream  
There's a city full of lonely dames  
Waitin' for the boys  
With empty glasses, making passes  
Looking out for joys  
And we don't want to spend the night aboard  
With a deck of cards  
Let's go to town, let's get the girls!  
Let's get our fingers through those beautiful curls  
Downtown, downtown

Let's go to town, yeah, let's go to town  
Down to the red light quarter  
That part of town (that part of town, that part of town)  
Where there is no such thing as law and order!  
That's where the girls are waiting for us  
With all the boozin' and them dice to toss  
Downtown, downtown!
