"**Lover's Blues**"

Visit "[Lover's Blues](#)" on MotoLyrics.com

Lover's blues is a burning fire
Burning us down slowly until there's no more desire
Lover's blues is a racing heartbeat
Racing us on down the end of a one way street

(Chorus):

In love, reason is all gone
And love won't make it alone, right or wrong
Our bodies need to touch

Lover's blues is an open season
Open to love, shooting us down
For the same lustful reason

(Repeat chorus and 3rd verse)

Lover's blues
Lover's blues
Lover's blues
Lover's blues
