Mambo - mambo - mambo - mambo loco!

(Chorus:)

Mambo - when I see my baby go loco

I can feel my body turn rojo

I can hear my baby go

Give me give me give me bonito

Mambo - like a discoteca del bobo

Underneath the palma del coco

I can feel my body go mambo (Loco!)

Don't know what I need to do to get out of the crazy
mambo

Everything I try to say comes out like 'mumbo jumbo'

I think we're in a kind of spell

from the beat of this old combo

I thought we knew each other well

But now you're calling me Edmundo!

We better up and away

We better drink up and go

Before we get locked up forever in Mambo Loco

(Repeat chorus)

Everything I try to do is gobbled up by mambo

I don't know if I'm gonna fall or fly like Disney's Dumbo

I never really tried to be the new Latino Rambo

For my heart is beating me just like a jumbo bombo

We better up and away

We better drink up and go

Before we get locked up forever in Mambo Loco

(Repeat chorus)

Para bailar el mambo loco

Es bastante estar loco!

(Repeat chorus)
