(Lines prefixed with .. are translations of the preceding lines.)

sakki-kara genki nai yo ne  
tachidomaru kaze no sakamichi  
..since not too long ago, I haven't been feeling well  
..standing still on the windy hill path

itsu-datte nanimo iwazu ni  
nayanderu-kara KANAshiku-naru  
..anytime at all, not saying anything  
..I become sad from worrying

sukoshi-dake kata ni motarete  
amaeru no wa make ja nai ne  
..just a little bit, lean on my shoulder  
..it's not a loss to be too sweet

don'na koto ga don'na koto ga  
JAMAshi ni kite mo issho-nara daijoubu  
..anything at all, anything at all  
..that tries to get in our way, if we're together, it's  
alright

kon'na fuu ni kon'na fuu ni  
onaji namida o wakeatte zutto hanarenaide  
zutto kono mama-de  
..just like this, just like this  
..we share the same tears. never leave me  
..stay this way forever

kyuukutsu na SUPIDO-shashin no  
BOX-de futari sawaida  
..in the cramped quick-photo  
..box, the two of us made lots of noise

me o tojite utsutta kao mite  
kenashi-au-tabu waraete-kuru  
..close your eyes, look at the pictured faces  
..everytime we criticize each other, then I can smile

hitoribotchi gambaru-dake ga  
seikai-nara samishii yo ne  
..all by myself, just trying to get through it  
..--if that's the answer, isn't it lonely?

don'na toko mo don'na toko mo  
suki ni naresou issho-nara daijoubu  
..anywhere at all, anywhere at all  
..surely we can fall in love, if we're together, it's alright

kon'na fuu ni kon'na fuu ni  
onaji egao-de mukiatte zutto kawaranaide  
zutto kono mama de  
..just like this, just like this  
..we give the same smiles. never change  
..stay like this forever

don'na koto ga don'na koto ga  
JAMAshi ni kite mo issho-nara daijoubu  
..anything at all, anything at all  
..that tries to get in our way, if we're together, it's  
alright

don'na toko mo don'na toko mo  
suki ni naresou issho-nara daijoubu  
..anywhere at all, anywhere at all  
..surely we can fall in love, if we're together, it's alright
