If you're looking for a lady to snuggle up in your bed
You'd better think about movies or pictures instead
For you don't make love in Panama
Until you've bought a camera
Standing up and down the sidewalks with duty frees in
their hands
Showing off with the price tag to make you understand
That you don't make love in Panama
Until you've bought a camera

Any kind of little something that you want to try, ay-yi-yi
All depends on what you buy
For if you buy a watch, that will only leave her smiling

Bring out the old 'greenbacks', show us to your room
Let's make some movies, looking through that zoom
into
Love, sweet love in Panama
Let us buy a camera

So if you go to Panama
(If you're going down the Panama Canal)
Look down the old street
(Look for someone down the street)
Pick out the best camera and you'll get a real treat
(You'll get a real treat!)
For you don't make love in Panama
Until you've bought a camera
Ay-yi-yi, in Panama!

Any kind of little something that you want to try, ay-yi-yi
All depends on what you buy
For if you buy a watch, that will only leave her smiling

Ay-yi-yi, in Panama
Let's all buy a camera!
