"Rainy Day Man"

When I think about the first time
I thought I found someone who cared for me
But things were not as they appeared to be
Rainy day man
On your shoulder I cried
When my first brush with love
Left me shaking inside
Rainy day man
Ever since I can remember
Just like a brother you've been strong and true
Always been the one to see me through
Rainy day man
You're much more than a friend
I would give anything
Just to see you again
Rainy day man
Always been the one to see me through
Rainy day man
On your shoulder I cried
When my first brush with love
Left me shaking inside
Rainy day man
You're much more than a friend
I would give anything
Just to see you again
Rainy day man
Rainy day man
Rainy day man
Rainy day man
