She is a meat-ball brain. Not very smart.
She is only 14 but she is strong. With her magical
brooch on her chest she can become a most
powerful, supernatrual herone.

Chours

She is SAILOR MOON!
A most powerful teenager.
She never turns back on her
friends. She is SAILOR MOON! SAILOR MOON!

She is the pricess of the moon.
With her sailors by her side.
They are completely, totally unstoppable.

She is SAILOR MOON!
A most powerful teenager.
She never turns back on her
friends. She is SAILOR MOON! SAILOR MOON!
