"Someone To Love"

Visit "[Someone To Love](#)" on MotoLyrics.com

Gotta feelin' you're the one now,
My heart's beatin' for ya stronger,
Everyday I'm dreamin' of you,
Oh what's a girl in love to do, huh?

Got emotions that are real and growin'
Can't seem to keep 'em from a-showin'
Just wanna shout out to the sky,
"Please be mine!"

I want Someone to Love,
To give my everything,
I just want to be with you, be with you, baby
Cause if I had your love,
I'd have everything,
I just want to be with you, be with you, baby, baby,
yeah, yeah,
yeah,yeah, yeah, yeah, yeah,
yeah, yeah, yeah, yeah, yeah,

Listen up to what I'm sayin',
Cause this ain't the game I'm playin'
You may think all the girls' are fine,
But, boy, I'm gonna make you mine,

So start thinkin' in a new direction,
You and I would be a total affection,
A cool side now to affection,
Here you go!

I want Someone to Love,
To give my everything,
I just want to be with you, be with you, baby
Cause if I had your love,
I'd have everything,
I just want to be with you, be with you, baby, baby,
yeah, yeah, yeah, yeah

Go!

It couldn't be now any clearer,

All I want is for you to be nearer,
Listen to the heart that beats for ya,
Oh, don't you know that I want, want, want ya?

I need you more than the air I'm breathin',
So you better be belivin',
You're the only one in this world,
For this girl!

I want Someone to Love,
To give my everything,
I just want to be with you, be with you, baby
Cause if I had your love (love),
I'd have everything (thing),
I just want to be with you, be with you, baby, baby,

La, la, la, la, la, la, la, la, la, la, la, la
La, la, la, la, la, la, la, la, la, la, la, love,

I want Someone to Love,
Someone to be my only Lo-o-o-ve,
I want Someone to Love,
Someone to be my only Lo-o-o-o-o-ve,

Here we go,
