White petals falling into the sea  
Rush to awaken your shadow  
Sweet hair is waiting for me.  
Eyelids closed, burning as on that night...  
The machine in front is the Ferrari!  
My memories become the wind...  
Now, the blue checkered flag!

\* I face only the path of glory  
I've left the evidence of this vow in a kiss  
I could certainly run facing the sunrise  
But you have been carved, in shining gold, on my  
heart,  
Initial U

Why do you speak of a hand that doesn't hang?  
My shattered dreams have been dried of tears  
That silver mirror has been washed away in the sea  
I could have given up the future  
Now, shuffle and open your mind!

Someday I will definitely believe in this day again.  
I left the kiss of this promise behind  
Whatever darkness may be waiting, I will face the  
sunrise  
Together, we are carved, in shining gold, in my heart  
Initial U

\* REPEAT
