[English Translation]

This is beyond impossible! It can't wait  
With everything so close, don't end it  
I want all that you are.  
A SLIDE had separated us

But after swiftly sliding down  
A pearl was revealed  
Attacked by your gaze  
My heart becomes transparent through to the core

Repeated for thousands of years  
Love is a mysterious battle, isn't it?  
From you comes love's MOONLIGHT  
Bathing in it, I am transforming  
Vibrantly into, secretly into, LA SOLDIER

Continuing this way is painful, but  
A smile to avoid parting  
Doesn't contain promises  
Whether we next meet again tomorrow or  
Two hundred years later, it's still the same  
Our destiny to meet will come  
The shape of the heart is quiet  
Don't forget it's riddle, remember it!

Circulating around in the middle of this ROMANCE  
Love is always a battle isn't it?  
Right now I am love's LUNATIC  
Miracles and dreams, I offer to show them to you  
Ceaselessly, beautifully, LA SOLDIER

Repeated for thousands of years  
Love is a mysterious battle, isn't it?  
From you comes love's MOONLIGHT  
Bathing in it, I am transforming  
Vibrantly into, secretly into, LA SOLDIER
