Grasping the love you finally attain
you fall at ease into a light sleep
kissing your closed eyelids goodnight
I left you behind in The Garden Of Time

Love can't continue as a dream
it'll ravage you into a beautiful corpse, but...

CHORUS

if you wish, come chase me
that kiss was a red tattoo
a tattoo that engraced the predictions of fate
I can tell with one look
Stinging a tattoo in the shapes of my lips
you can't hide it, it's Moon Revenge

Drawn to each other
even when locked in darkness
I can't erase the aura, I won't step back
Heart burning from the transparent farewell

I wish to meet you again next time
Love is more selfish the deeper it gets
until you want to tie each breath down
unreasonable, yet...

We climb a spiral of light
the red memory is a poisonous tattoo
a tattoo that shows the future's chaos
if we're together, until we shatter

Stinging is a tattoo in the shapes of my lips
I don't care if we're still embracing
it's Moon Revenge
CHORUS
