English

Search for your love.....
Search for your love

You are always shining,
Your smile is just like a tiny star.
I cherish it very much. (everlasting starlight)
That day I couldn't protect you,
I can only hold my remorseful tears,
What was left was pain (I can never forget you
sweetheart)

Search for your love, crystal of the universe
Search for your love, don't cry for me
Search for your love, as a matter of fact
I love to hold you tightly.

I've always been looking for your sweet smell,
to convey my voice. (I love you)
Where are you now? (Moonlight Princess)
Our Princess
Answer me right away (Answer for me)
Answer me gently (Answer for me)
Answer me right away (Answer for me)

Passing through the remote night sky,
I'm making a wish in front of a shooting star.
I'm mumbling to myself to see you,
(please convey my message starlight)
Time flies by quickly, I've grown up.
Finally I feel; the pieces of memory are not enough.

(please stand by my side sweetheart)

Search for your love, the silver seed
Search for your love, the boat is floating
Search for your love, madly

I was swept away by the current.

I've always been looking for your sweet smell,
to convey my voice. (I love you)

Where are you now? (Moonlight Princess)

Our Princess

Answer me right away (Answer for me)

Answer me gently (Answer for me)
