Is this corner OK? I see some better things
transportation without pollution these chickens make
me sick but you're so proud of them put them in your
windows you keep the neck we still have more fun than
you 'cause we are strong together we still know how to
smile you won't make us die what the fuck is a
playdium keep the kids inside on a sunny day what the
fuck is a playdium keep the kids inside try to make
them smile...stay inside to spend all their money but
don't you ever worry you won't touch us inside we will
stand our ground fight for what we believe we don't
take ourselves too seriously our fists are our
smiles...today we had a crockin' good time (crockin'
good time) today we had a crockin' good time (out of
tune) Hugo: Fuck la fin

Simon: hey, c'est bon ÃfÃfÃ,Ã§a

Simon: c'est pas si bon que ÃfÃfÃ,Ã§a
