"All My Thoughts"

All my thoughts are of yesterday
You couldn't bring me from them now
The story says
The giant peach and the way
She played
Crashing waves
All my thoughts are of yesterday
You couldn't bring me from them now
Because the story says
All my thoughts are of yesterday
And the sun really burns
Burns me now
In the time when the cup was full
By the sweet crystal mine and all
That she's waiting for is the moon
Which does burn me too
All my thoughts are of yesterday
You couldn't bring them from me now
The story says
All my thoughts are of yesterday
And the sun
Burns me now
In olden times when the story told
Of the grass near the mine
Don't disturb what is growing
Here you can find it on
The other side of night
All my thoughts are of yesterday
You couldn't bring me from them
Now the story says
All my thoughts are of yesterday
All my thoughts are of yesterday
All my thoughts
All my thoughts
Ohhhhhhhh
