She paints pictures of the sky  
She hides feelings in her eyes  
She dances behind shadows  
You'll be there when she needs you  
When she smiles at you  
She smiles at me  
When she smiles at you  
She smiles at me  
Foreign countries on a wall  
Left over from a dream  
All places I've never been  
All places I've never seen  
When she smiles at you  
She smiles at me  
When she smiles at you  
She smiles at me  
There's little left to understand  
She waves goodbye with her  
Two good hands  
From feelings that won't go away  
You'll need them all again one day  
When she smiles at you  
She smiles at me  
When she smiles at you  
She smiles at me ...
