

The Sainte Catherines

"Light House Rocket"

Just below the ocean
A basement built on sand
I felt I had a lot to say
But there was no demand for me
Traded in my light house
Things were getting tough
I can't afford this living
And I just can't find enough to do
Finally I decided
That I could catch a wave
It may take time in trying
Since there's nothing left to save
I'll go, I'll go
Before I skip the phases
What my next move would be
To make some friends in Nasau
That could open up to see my view
Put together pieces of time and energy
Took off in our starship
Now you're looking up at me
Light house rocket
