

## Saint Etienne "Le Baiser Francais"

Visit "[Le Baiser Francais](#)" on MotoLyrics.com

My thanks to sabrina communier for this transcription

Tu aimes les baisers francais

Parfaits, profonds

Qui font vaciller tes defenses, ta raison

J'entrouve les portes de ma prison

Et t'offre le choix entre deux options

Te consommer, te consumer

Et contre toute attente te faire plonger

Contre toute attente te faire plonger

Tu aimes les baisers francais

Et les frissons

Exercer sur d'autres une fascination

Pour te jouer de mes illusions

Tu m'offres le choix entre deux tensions

M'attirer, me repousser

Et contre toute attente me faire plonger

Contre toute attente te faire plonger

Tu aimes les baisers francais

Et les garçons

J'aime provoquer des perturbations

Aller voir ailleurs dans d'autres dimensions

Pour ne pas se perdre une conclusion

Se pardonner, se pardonner

Et contre toute attente se retrouver

Contre toute attente se retrouver

Contre toute attente se retrouver

Contre toute attente se retrouver

Contre toute attente se retrouver

[here is a translation into english by lisa munns

(thanks, lisa) who disclaims: "these are not word-for-

word, in some cases a little of my own interpretation

has been added. I've tried to make them make sense

as much as is possible. "baisier", the french verb, also

means to f\*\*k, so be careful!"]

You love french kisses

Perfect, deep

That make you weaken your defenses, your reasoning

I part the gates of my prison

And offer you the choice of 2 options

To consume you, to consume you

And against all attempts you plunge in

Against all attempts you plunge in.

You love french kisses  
And the shivers/shudders  
To exert on others a fascination  
For you to play with my illusions  
You offer me the choice between 2 relations  
To attract me, to push my back  
And against all odds you make me plunge  
Against all odds you make me plunge

You love french kisses  
And boys  
I love to arouse disturbance  
To go to see elsewhere in other dimensions  
To not get lost in a conclusion  
To forgive oneself, to forgive oneself  
Against all attempts to forgive oneself  
Against all attempts to forgive oneself  
Against all attempts to forgive oneself  
Against all attempts to forgive oneself.
