Took a tube to Camden Town
Walked down Park Way and settled down
In the shade of a willow tree
Someone hovering over me

Close my eyes
Breathe out slowly
Today the sunshine loves me only

To the sound of the, World of Twist
You leant over and gave me a kiss
It's too warm to even hold hands
But that won't stop us from making plans

Close our eyes
Breathe out slowly
Today London loves us only

Do you ever wonder where we've been?
Do you ever wonder where we're going?
Just close your eyes
Just close your eyes

Just close your eyes
And breathe out slowly
Tonight the world loves you only

Just close your eyes
Just close your eyes
Just close your eyes
Just close your eyes
