[paper, the original, in english:]

Here she comes, / she's running over the hill /

With her friend / in tow. /

I know that it feels / that there's no-one else on earth. /

Oh, heavenly days, / you and me. /

Ooh... / only love can mend a broken heart. /

There's a place / that I've seen in my dreams, /

I'd like to live there / by a golden sea. /

The only sound / that I ever want to hear /

Is the sound / of her voice. /

Here she comes, / she's running over the hill /

With her friend / in tow. /

Ooh... / only love can mend a broken heart. /

Ooh... (only love,) / only love can mend a broken heart. /

Ooh... (only love,) / only love can mend a broken heart. /

Ooh... (only love,) / only love can mend a broken heart. /

Ooh... (only love.)
