[lyrics as transcribed by juha heikkinen]

[sometimes in winter:]

When I come home in the evening  
Cry at the silence waiting for me, and  
He bring me a warm cup with coffee  
Instead of the love you know that I need  
Wait, wait.  
Sometimes in winter, love can go astray.  
Lonely, don't you get lonely, don't you get lonely for  
me.

He cradled my head as he held me  
I swore I could feel the earth turning round  
But love seemed to go with the season  
Now touching you feels like rain coming down  
Sometimes in winter, love can go astray.  
Lonely, don't you get lonely, don't you get lonely for  
me.

Little girl, she stands alone  
This is search until we find, gee  
Now we're on the road to hell...

Sometimes in winter, love can go astray.  
Lonely, don't you get lonely, don't you get lonely for  
me.  
For me. for me. for me.

[winter melody:]

Deepest winter will set in.
