Rays of light upon the gown to bathe
Grays, the dust that settles on the ballasted
I, I'm opening my eyes
To find sun in my morning

Sun in my morning
(This is what I see)
Sun in my morning
Sun in my morning
(Shining down on me)

Made a list of things to do today
What a shame, the morning breeze just blew it all away
I, I'm opening my eyes
To find sun in my morning

Sun in my morning
(This is what I see)
Sun in my morning
Sun in my morning
(Shining down on me)

Sun in my morning
(This is what I see)
Sun in my morning
(Shining down on me)
