We were laughing as the rain kept falling
We didn't give a damn
And there's nothing in the world to stop us
I just held your hand

And it's enough

Your sister says we don't know each other
She's not 24
And my Dad's not here to tell me nothing
We used to talk before

And it's enough

Hello baby, hello all
It seems to me, we've got it all
I'd like to run but I'll take it back
I'm not one to care about that
No more

We were laughing as the rain kept falling
You didn't give a damn
And there's nothing in the world to stop us
I just held your hand

And it's enough

Hello baby, hello all
It seems to me, we've got it all
I'd like to run but I'll take it back
I'm too young, don't care about that
Yeah, I'm too young
You should know I'm too young

It's the way I fell for you
It's the way I fell for you

Hello baby, hello all
It seems to me, we've got it all
I'd like to run but I'll take it back
I'm not one to care about that
It's the way I fell for you
