If only I could make you see  
Make you understand  
The answers not, "We'll wait and see"  
It's right there in your hand

Forgive me, honey, I was blind  
You know I'll miss you when you're gone  
You know I'll miss you when you're gone  
When you're gone, gone

Know there's no way out of here  
We're deeper every day  
You know there's no way out of here  
No matter what they say

I'm so sorry, I was blind  
You know I'll miss you when you're gone  
You know I'll miss you when you're gone  
When you're gone, gone

Forgive me, honey, I was blind  
You know I'll miss you when you're gone  
You know I'll miss you when you're gone  
When you're gone, gone
