English translation

Against the wind, become grass,
Cut your roots and expose your leaves.
Against the rain, become a rock,
Endure patiently and don't my friend, there's only one
place
That a man can die.
That is within your own Blood
I can hear the blood surging
Dragon Blood

To every drop of our a waterfall, become a dragon,
Push up against the torrent.
Against evil, become a mountain,
Don't back down even a single step.
It is so, my friend, that there's only one way
For a man to live.
That is when running together with Blood
The crimson blood swirling
Dragon Blood
Colors our souls that believe in each other.
And, my friend, there's only one place
That a man can die.
That is within your own Blood
I can hear the blood surging
Dragon Blood
The crimson blood swirling
Dragon Blood
I can hear the blood surging
Dragon Blood
To every drop of our friendship.
