Please get out, get out please  
You have gone to such pains to hurt me  
I'll be here, I'll be here still  
I won't leave, just promise you won't hurt me

The night is rolling in through orange skies

I will wait until tomorrow  
Tomorrow's another day  
I will see you in the morning  
Close my eyes upon our hate  
I'll be waiting by the window  
Shed no tears upon the pane  
I will see you in the morning  
Tomorrow's another day

Please don't ring so much please  
Your anger is beginning to disturb me  
I will scream, call the police  
Say I love you, just promise you won't hurt me

The night is rolling in through orange skies

I will wait until tomorrow  
Tomorrow's another day  
I will see you in the morning  
Close my eyes upon our hate  
I'll be waiting by the window  
Shed no tears upon the pane  
I will see you in the morning  
Tomorrow's another day  
Tomorrow's another day

Go away, go away please  
Your demands have shrunken me to nothing  
I don't love you, I don't want to  
Go ahead and hit me if you have to

I will wait until tomorrow  
Tomorrow's another day  
I will see you in the morning

Close my eyes upon our hate  
I'll be waiting by the window  
Shed no tears upon the pane  
I will see you in the morning  
Tomorrow's another day

I am waiting for tomorrow  
Tomorrow's another day  
I will see you in the morning  
Close my eyes upon our hate  
I'll be waiting by the window  
Shed no tears upon the pane  
I will see you in the morning  
Tomorrow's another day  
Tomorrow's another day
