Skull and crossbones ãfÂçâ, ¬" a field of black
Thunder roars ãfÂçâ, ¬" lightning cracks
A phantom ship ãfÂçâ, ¬" she appears
Lost horizons ãfÂçâ, ¬" suddenly near

Neptune please help me
Don't want no burial at sea

Hear their laughter ãfÂçâ, ¬" bloodless shrieks
Tell yourself ãfÂçâ, ¬" dead men can't scream
One legged spectre ãfÂçâ, ¬" riding high
He's commanding ãfÂçâ, ¬" the rape of the sky

Neptune please help me
Don't want no burial at sea

Twilight killers, blood stained teeth
Guiding you into the reef
You are smashed to bits, far below
You're one of us now, you've got no soul

Join the dead men ãfÂçâ, ¬" who cannot die
Committed forever ãfÂçâ, ¬" to soar 'cross the sky
Skull and crossbones ãfÂçâ, ¬" a field of black
Laughs insanely ãfÂçâ, ¬" but no one laughs back

Neptune please help me
Don't want no burial at sea
Neptune please help me
Don't want no burial at sea
