When is the time  
To do something about your money  
Without a dime, you can't  
Moan about the way it should be  
The passion is there  
Let it come out naturally  
You need not care  
How others might think you should be

Look at the past  
The name of the game was pain  
The pleasure don't last  
You lost what there was to gain  
Hurtin' so many, lovin' so few  
The one good thing that you can do  
Playing the stars your melodies  
Livin's so hard when it's on your knees

You know what's right  
And you know what kindness can  
It's a mental fight  
And the winner is a man  
Open your eyes, shake your head  
Raise your body from the dead  
Cold, grey haze will never stay  
Don't ever let 'em  
Take your strength away
