[Talking - Trae]

Aiiyo these headphones cut up?

Damn we finna do this all over again

(Chorus - Trae)

I really miss my dawg, I really miss my dawg

I really miss my dawg, I really miss my dawg

[Bridge - Trae + Z-Ro]

I love to roam the streets, it gives me what I need  
to make it through the day - so what you gotta say?

I gotta survive, I gotta survive

I gotta survive, I gotta survive, I gotta survive

I love to smoke the weed, it gives me what I need  
to make it through the day - so what ya gotta say?

I gotta survive, I gotta survive

I gotta survive, I gotta survive, I gotta survive

[Verse 1 - Trae]

Hey ain't no mo'sunny days for me is what they tellin  
me

I'm runnin with this pain and can't shake it like it's a  
felony

I seen my partna go the other day

I only can imagine and wish he went another way  
my homie gone and here I go doin this song to tell him  
how I feel

I hate it's in this way but I promised him I would keep it  
real

life goes on I wish that time was sittin still

but since it ain't I know that I got a couple of shoes to  
feel

I dedicate this to H - A - Dub K

M - O - E, Mr.Pat, And Screw I pray that they okay

my brother doin life - two of my sisters dead

a couple of partnas on the state, and some of e'm on  
the feds

all this pressure got it kind of hard to hold my head

but I'm a solja, taught to never fold unless I'm old and  
dead

you might get lost from tryna look in my eyes

but if you feelin like I'm feelin go on and reach for the  
sky, and let e'm know

(Chorus - Z-Ro)

I really miss my dawg, I really miss my dawg  
I really miss my dawg, I really miss my dawg  
I really miss my dawg, I really miss my dawg  
I really miss my dawg, I really miss my dawg

[Verse 2 - Z-Ro]

So many obituaries, homies and cemetaries  
too many memories this heart ache is too heavy to  
carry  
it seem like every year at this time it don't never  
change  
lookin for the sun to come out, it don't do nothin but  
rain  
it's like a mandatory kick out - that this feelin is list out  
and if you won't it you'll die before you can get out  
takin a trip to the store ain't a regular ride no more  
cause you might not make it back home - one day you  
here and then you gone  
E - Mo, Jody, L - L, Budda Boy, and Malik  
Big Steve, Big Mello, Big Hawk, Big Moe, then P - A - T  
some were murdered, some had accidental death,  
some from natural causes  
man I'm so tired of pullin my black suit out of the closet  
the same home boy I use to blow big with  
got his head cut off I still wonder who did the shit  
cause it's fucked up ain't it? Daddy ain't around to  
watch Junior grow up  
but Junior still in the window waitin on Daddy to show up

(Chorus - Z-Ro)

I really miss my dawg, I really miss my dawg  
I really miss my dawg, I really miss my dawg  
I really miss my dawg, I really miss my dawg  
I really miss my dawg, I really miss my dawg

[Bridge - Trae + Z-Ro]

I love to roam the streets, it gives me what I need  
to make it through the day - so what you gotta say?  
I gotta survive, I gotta survive  
I gotta survive, I gotta survive, I gotta survive
