You fill me up with sadness.  
I just wanted to end this.  
From love, to dust and ashes.  
Eternally yours ....until I die.  
I wanted you to see what you were doing to me.  
Let darkness surround you,  
theres nowhere to run to.  
You can hide I'll find you, even though It would be fun  
to.....try to get away..(try to get away,just try to get  
away)  
Said I'm lost without you,something I must get through.  
Even though it's hard to....one day I'll forget you.(get  
you,get you)  
I'll be runningx4 running away from you.  
I got to find somewhere to hide, thats what I gotta do.  
You haunt me every night...you know it's true.  
As dead to me as life----- is me to you.  
You fill me up..with sadness,  
I just wanted to end this,  
From love, to dust and ashes....eternally yours...until I  
die.  
(Die,Lalalalalalalalalalalalala,Let me tell...you a secret)  
I don't know why I try(Why do I tryx2)  
Inside,Inside I die(Don't let me diex2)  
Why are you still alive?(Wasting my timex2)  
Please stop these dreams at night(Night)  
I wanted you to see what you were doing to me.  
You fill me up...with sadness,  
I just wanted to end this.  
From love,to dust and ashes,  
ETERNALLY YOURS....UNTIL I DIE.
