Together in the dark, we are...I want no-one else.
Blacker skies above, never have I felt.
Wading in the darker, waters of ourselves.
Holding on to nothing....The Stars Are Falling now!
It doesn't matter what we do(I just want to be with you).
It doesn't matter who you talk to(I just wanna be with
you)
It doesn't matter what we've been through(I just want
to be with you).
It doesn't matter.....It doesn't matter.
Whispers in the dark.(hey,hey)
Don't want to fall apart.(hey,hey)
You'll always have my heart(hey,hey)
You have right from the start(hey,hey)
I could never feel this pain,
I feel when your away.
My life won't be the same,
no never again.x2
It doesn't matter what we do.(I just want to be with you)
It doesn't matter who you talk to.(I just want to be with
you)
It doesn't matter what we've been through(I just want to
be with you)
It doesn't matter.IT DOESN'T MATTER. NO!
