Another song plays on and on, across the radio,
reminding me of days that feel so long ago.
When I was young I had no one to play the part of me,
I learned the hard way how to find myself that's why,
I'm here alone.

It's been so long since I've been home I lost a part of
me
I have to find myself that's why I'm here alone, nobody
knows
it's taking a life time, for me to see, there's no one to
blame
nobody but me

Nobody knows, nobody knows what lies in front of me
I have to face the world and live my life alone
nobody knows, nobody knows what lies in front of me
that's why I find myself alone, nobody knows...

When I was young I had no one to play the part of me,
I had to find myself, that's why I'm here alone
it's been so long since I've been home, I lost a part of
me
I have to find myself, that's why I'm here alone, nobody
knows
it's taking a life time for me to see, there's no one to
blame,
nobody but me

Nobody knows, nobody knows what lies in front of me
I have to face the world and live my life alone
nobody knows, nobody knows what lies in front of me
I have to face the world and live my life alone,
nobody knows

Another song plays on and on, across the radio,
reminding me, those days are gone

Nobody knows, nobody knows what lies in front of me
I have to face the world and live my life alone
nobody knows, nobody knows what lies in front of me

I have to face the world and live my life alone,
nobody knows, nobody knows

Another song plays on and on, across the radio,
reminding me, im still alone...
