i never knew  
that i will love you in this way  
i thought this love  
could make it to forever.

you said goodbye  
and you left me all alone  
how can i live without your love  
how can i carry on...

CHORUS:

Baby i need your love  
i wish you were to stay  
cause here i am  
please love me again  
bring back our hearts together  
dont let this love of mine  
keep loving for all the time  
when you and i  
can build a dream forever...

I asked myself  
why you've turned and walked away  
please tell me how  
so that i can make you stay

but you said goodbye  
and you left me all alone  
how can i live without your love  
how can i carry on.....

(Repeat Chorus)

hahaaaaah.....forever.....  
forever.....

(Repeat Chorus)

.....with you and i  
can share a love forever.....
