Apathy

Break my will
Release the chains that hold me
Bind me by my fears
Blind the eyes that see me

I've never asked for much
And yet you still deny
I live with my regrets
The things I left behind
But yet I stand and face you
I see you face to face
Uncaring eyes regard me
And I see your sweet distaste

Watch me fall
Stare as my figure falls apart
See all the things I've worked for
Be ripped and torn apart

I've never asked for much
And yet you still deny
I live with my regrets
The things I left behind
But yet I stand and face you
I see you face to face
Uncaring eyes regard me
And I see your sweet distaste

Leave me be
Turn your back and walk away
I shame myself
For all the things I let you do to me

I've never asked for much
And yet you still deny
I live with my regrets
The things I left behind
But yet I stand and face you
I see you face to face

Uncaring eyes regard me
And I see your sweet distaste
