Try as I do I don't see you  
Standing right next to me  
My eyes burn with tears and I fear  
That I'm losing myself again

Where did you go  
Where are you coming from  
Why can't I see you  
Standing right next to me  
The pressure inside I can't take  
And I find that I cannot breathe  
And I can't breathe

For years I have seeked you  
Looking with weary eyes so tired  
So very tired  
For years I have found nothing but  
Emptiness and loneliness inside me  
Deep inside me

Sometimes I see your reflection  
But I'm not quick enough  
Sometimes I feel your hand touching mine  
As I sleep at night

As I sleep at night

The longing I feel is too strenuous  
Please help me find you  
Standing right next to me  
I know that you're there, but you're not  
There  
And I can't take it anymore  
I can't take it anymore

I've done all that I can and I'll keep going  
All that I can for you  
All I can for you  
Someday I'll know what it means to be alive  
And I'll find you, standing right next to me

Where did you go  
Where are you coming from  
Why can't I see you  
Standing right next to me  
The pressure inside I can't take  
AND I find that I cannot breathe  
And I can't breathe
