Frozen

Yesterday is gone
Tomorrow seems too empty
Time keeps passing by
Passing me too quickly
Afraid of what I feel
Afraid of moving forward
I turn towards the sky
And watch it tumble downwards

All my life to live
The reasons all escape me
Nothing can suffice
All I know is misery
Afraid of what I feel
Afraid of moving forward
Lies surrounding lies
Life without a purpose

So close to giving up
Can't help but wonder why
On the verge of letting go
I'm so empty deep inside
And I am all alone
No one hears me screaming
So far away from home
And I am frozen through

I feel I'm shutting down
Outlook growing cold
My senses burning out
And finally I go numb
Afraid of what I feel
Afraid of moving forward
The heartache and the pain
Will bleed me dry again

So close to giving up
Can't help but wonder why
On the verge of letting go

I'm so empty deep inside
And I am all alone
No one hears me screaming
So far away from home
And I am frozen through
