I can feel the weight of the world pushing down on me.  
I can feel everyones eyes watching me.  
I can feel the heat of the spotlight, shine on me.  
I can feel the pressure on body.  
Got me feeling all of these feelings and it's driving me insane.  
Paparazzi watching me do my thing

[Chorus:]

Cause I'm on display, on display, on display  
Each and everyday, everyday, everyday  
Everybody's waiting on me to fall  
Everybody's waiting on me to crawl but they can keep on  
(waiting on me, waiting on me, waiting on me to fall) [4x]

I know you're gonna try to bring me, bring me down  
But I'm a fighter, I'm a tiger, I can figure it out  
Slander my name in all the papers that's what you wanna do  
But you keep watching I'll keep glowing thats what I'll do for you  
Got me feeling all these feelings and it's driving me insane  
Paparazzi watching me do my thing

[Chorus:]

Cause I'm on display, on display, on display  
Each and everyday, everyday, everyday  
Everybody's waiting on me to fall  
Everybody's waiting on me to crawl but they can keep on  
(waiting on me, waiting on me, waiting on me to fall) [4x]

Everybody wanna see me fall  
Everybody wanna bring me down  
Everybody wanna steal my crown  
But it's not going down  
Some people don't like my style  
But I don't give a what  
Everybody got something to say

Go head and post it up  
On the blog sites, put it up, on the headlines  
It dont matter what you say I'm still gonna shine
