"As my tears keep overflowing one after another,
I can't see your last smile through their blur.
Please don't go, please don't go... Stay here.
Light bursts through the sky.

Even this insignificant me
loved you more than anyone, with all my soul.
Thank you for all of
the precious feelings
you've given to me.

"When you took off, I was
watching for a long time as the vapor trail
disappeared."

Please don't forget
You're not alone.
Even if we're apart, we can still carry on hand-in-hand.

With my first love, I first realized
that there could be such sorrow.

Even if something lapses away, something will
live once again.
When you gave me a smile as we parted, it was
your message for me
to truly live with all my heart.

I just know that we'll see each other someday.
If we're together,
even if we're far apart, we can gaze in each others'
eyes
Let's bet everything on all our hopes and dreams.

Let's promise each other
that we'll hold on to the intensity we felt
that day,
and live the future that blooms
in tomorrow.
