[Verse 1: Ozi Batla]

Woke with a heavy head from last night's revelry  
Trippin' momentarily off what I said, was that me?  
Now lets see; shit, shower, and shave  
Stave off hunger pains, explain to the guys toast for  
lunch again  
Nah not today, I just got paid  
so I'm walking up the corner store as if I got it made  
Hey, what can I say? it was a lovely day  
just a shame that some cats don't let their love display  
So anyway I'm in the store and I'm grabbin' bits and  
pieces  
this girl down by the door is giving me a look that says  
'freeze kid'  
Thought 'Jesus, is this lady sales or security?'  
scrutiny is new to me in my community  
I said 'excuse me uh what does this cost?'  
she decided staring at me like I'm totally lost  
What? did everybody stop speaking while I was sleepin'  
or do my words appear to her like bubbles from the  
deep end?  
In that case I'm freaking out, without a doubt  
but I don't really think that is what we're talking about  
I had a similar situation down at the train station  
Peak hour carriage hard enough to stay patient  
this screw face is using his suitcase to nudge me  
but I didn't budge see 'cause he aint above me  
said nothing when I told him that he pissed me off  
I lock my feet beneath the seat and so he missed his  
stop

[Chorus: Ozi Batla] {Sample: "Electric Relaxation - A  
Tribe Called Quest}

When you're asking how you doing and not just the  
price  
Could it do with being human? {"and it aint nuthin'  
nice"}  
Man it's really damn hard to say hello twice  
Could it do with being human? {"and it aint nuthin'  
nice"}  
When your pizzeria givin' you beef with each slice

Could it do with being human? {"and it aint nuthin'  
nice"}  
Ahha na it aint nothing nice, no way {"and it aint nuthin'  
nice"}

[Verse 2: Ozi Batla]

So I got off and I'm walking to the club, Feelin its all  
love

I got a pocket full of rhymes, and a few new dubs  
That I am oh so keen to bust and I'm dusted  
But trust the bouncer to do his job with so much gusto  
"Sir, you intoxicated?"

"What? You know my face kid, I could sleep for five  
days and I'd still look  
wasted"

He said, "No way." So I called my friend  
Who said "there's a fight inside!" And I walked right in  
So we're getting to the end of the night, Been all right  
Dance floor live as a riot, And not one mic fight  
Until this kid who's having trouble sittin' says 'Can I spit  
in?'

I said "man unless you mean to back up I'd say your  
kidding"

And next thing you know we're telling anyone who'd  
listen

That he was a mad fan and then I stepped up and  
dissed him

What? Tonight my stars are out of line I can't stay  
No cab to pick me up so I'll walk the whole way

[Chorus]

[Scratching]
