Comin' home late
Fill up the bath
Listen to the radio and the song
As time goes by
With all that we have
There's something we lack
Wish that I could journey back
So I could see...

The way they danced
Around the floor
Just two by two
Not wanting more
The candlelight
The old jazz band
But most of all
The way they danced (2x)

Well you're in a tux
And I'm in a gown
You're spinning me 'round and 'round
Until you're all I see

The way they danced
Around the floor
Just two by two
Not wanting more
The candlelight
The old jazz band
But most of all
They way they danced (2x)

But most of all
The way they danced (2x)
