Scroll away the chains that wrap around me

Wipe the spider webs from my eyes

Tumble down the tall walls that surround me

I won't need no lies no alibis

My new feeling

New feeling (x5)

Daydreams screams

They just don't seem so far away

No I'm not possessed by my possessions

Lift my head to clear my right to die

You're in love with your evangelist investment

I don't need an alibi

My new feeling

New feeling (x5)

Daydreams screams

They just don't seem so far away

My head's like a wrecking ball and you look like a wall

Mopping up the tears that fill your eyes

This is my life, my right and that's not all

I just laughed my head off and cried

My new feeling
